Glitter & Gasoline

High-Energy • Dance-Forward • Crowd-Responsive

Based in Portland, OR, **Glitter & Gasoline** is a dynamic four-piece band built to light up club and festival stages alike. Fronted by a powerhouse female vocalist and anchored by tight grooves and rich melodies, their sound is a polished yet gritty fusion of rock, pop, funk, and soul.

The Sound Expect the swagger of Heart and the theatrical punch of Queen, driven by the riff weight of Black Sabbath and the Brit-sharp snap of The Kinks—all shot through with modern pop sparkle and Whitney-level vocal firepower. They reimagine both timeless classics and current anthems, keeping the iconic hooks intact while dialing up driving rhythms and spotlight-worthy solos.

The Experience Every show is momentum-driven and completely crowd-responsive. Armed with a massive catalog of brand-new material, Glitter & Gasoline keeps their sets fresh by choosing standout tracks you won't hear from the typical cover band. Through their interactive **Song Menu**, the audience is invited to take the wheel and shape the setlist in real-time. The result is a glitter-streaked, gasoline-charged party featuring seamless transitions, big choruses, and a room that’s dancing from the first downbeat to the final shout-along.
